

EPS 22555

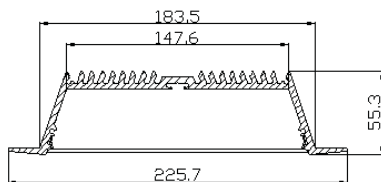

This box contains:

Aluminum Profile - 2500mm

Diffuser - 2500mm

End caps - 4 pieces

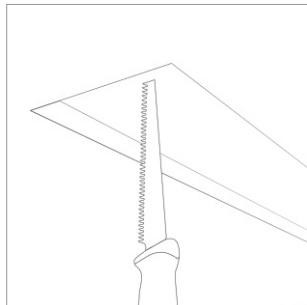

Mounting brackets - 4 pieces

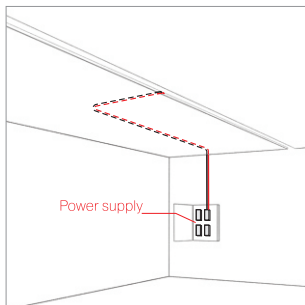

Installation instructions

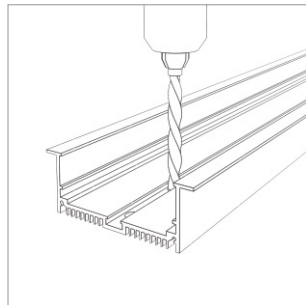

"Prior to installation, choose a location for the power supply and make sure that it is connected to the light switch."

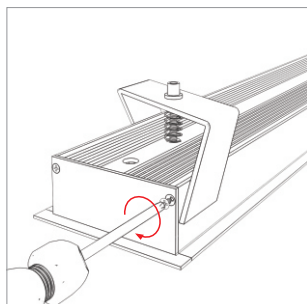

- 1 | Prepare the surface for installation of the fixture.

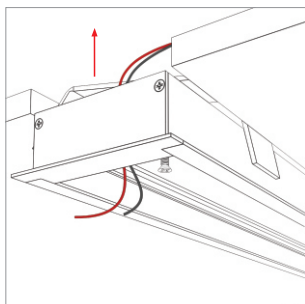

- 2 | Make the electrical connection to the power supply and then run the wires to the location of the light fixture.

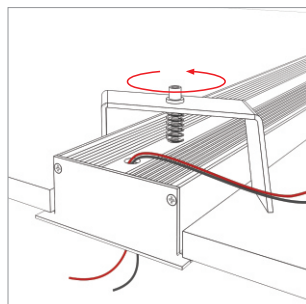

- 3 | Drill a hole into the fixture for low voltage wires and for mounting brackets.

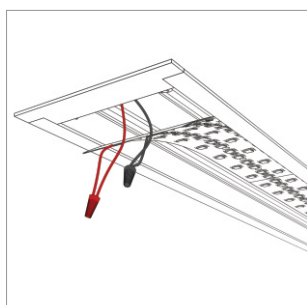

- 4 | Secure the end caps and install the mounting brackets.

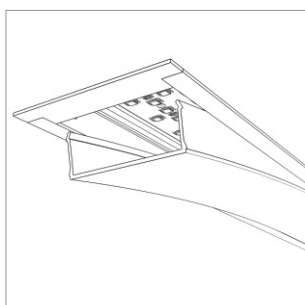

- 5 | Install the fixture into the surface and run the wires through the hole.

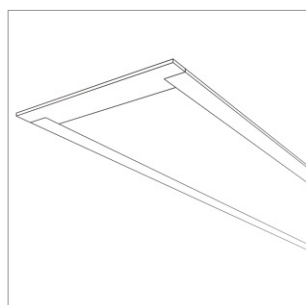

- 6 | Secure the mounting brackets.

- 7 | Install the LED strip on the fixture surface and connect the electrical wires.

- 8 | Install the diffuser.

- 9 | The fixture is ready for use. Enjoy the light!

Instruction of connect the electrical wires for fixtures longer than 2500mm
